👤 FULL STACK DEVELOPER

- With 4 years of experience, I'm a seasoned Full Stack Developer proficient in ReactJS, NodeJS, ExpressJS, MongoDB, and Tailwind CSS.
- Specialized in crafting user interfaces using ReactJS, and creating REST APIs with NodeJS.
- Utilized MongoDB as a database solution, ensuring efficient data storage and retrieval.
- Proficient in Tailwind CSS for sleek and responsive styling, enhancing user experience.
- Demonstrated ability to work independently, having developed an end-to-end e-commerce project single-handedly.
- Skilled in collaborating effectively with cross-functional teams to ensure the delivery of high-quality products.
- Committed to delivering efficient and scalable solutions, meeting both client and business needs.
- Possess strong problem-solving skills, capable of addressing complex technical challenges.
- Dedicated to continuous learning and improvement, with a passion for creating innovative and impactful digital experiences.

⚙️ TECHNICAL SKILLS

| | |
|-------------------------|---|
| ✓ Programming Languages | JavaScript, HTML5, CSS3 |
| ✓ Frontend | ReactJS, Redux Toolkit, CSS, SCSS, Tailwind |
| ✓ Backend | NodeJS, ExpressJS |
| ✓ Web Technologies | RESTFUL APIs, JSON, AJAX |
| ✓ Databases | MongoDB |
| ✓ Tools | Git, GitLab, GitHub |
| ✓ Design | Bootstrap |
| ✓ IDEs | Visual Studio Code |

⚙️ GENERAL SKILLS

- Adaptive to new environment and work culture.
- Leadership qualities as evident from my College activities.
- Can get used to new technical skills pretty quickly.
- Ability to identify issues, evaluate options, and implement effective solutions.
- Can take initiative, guide others, and make decisions when necessary.

✂️ PROJECTS

| Name | Roles & Responsibilities |
|------------|--|
| Shopper | As a full-stack developer, I spearheaded the development of an e-commerce platform, leveraging cutting-edge technologies such as React 18, Redux Toolkit, and MongoDB. I managed end-to-end responsibilities, including front-end design, back-end development, database management, API integration, authentication implementation, server deployment, email configuration, and payment gateway integration. github.com/DeAbhishek |
| Capitaleta | As a frontend developer at Capitaleta, I utilized ViteJS, Tailwind CSS, and React Router DOM to create a seamless user interface for a marketplace website. I collaborated closely with the backend team to integrate APIs provided by RealShare, ensuring optimal functionality and user experience. |
| Fosious | Food delivery service website with seamless user experiences by integrating ReactJS. |
| Xcellent | Developed an online learning platform utilizing ReactJS. |

WORK EXPERIENCE

Teknokrafft Info Services
Executive Full Stack Developer

Sep 2022 - Present

- Spearheaded the development of cutting-edge web using ReactJS and NodeJS.
- Designed and implemented highly responsive user interfaces with ReactJS ensuring seamless user experiences across various devices
- Leveraged NodeJS for backend development, enabling efficient data processing, and building RESTful APIs to support front-end functionalities
- Collaborated closely with cross-functional teams to define project requirements, resolve technical challenges, and deliver high-quality software solutions.
- Participated in code reviews to promote code quality, maintainability, and adherence to industry best practices.

Weloin Global Pvt. Ltd.
Junior Full Stack Developer

Jan 2022 - Sep 2022

- Developed and maintained web applications using ReactJS, creating modern and intuitive user interfaces.
- Implemented state management with Redux for efficient data flow and seamless user interactions.
- Integrated RESTful APIs to fetch and display data, improving application performance.
- Collaborated with the design and back-end teams for smooth project delivery.
- Conducted testing and debugging to ensure high-quality code.

NAML
Junior Web Developer

Nov 2020 - Jan 2022

- Collaborate with team members to translate design concepts into responsive and user-friendly interfaces.
- Design and maintain the company's public-facing website using HTML, CSS, JavaScript, SCSS, Bootstrap
- Work as part of a team developing applications and services that are accessed by our customers via responsive user-interfaces.
- Utilize expertise in React.js and other modern front-end frameworks (such as Vue.js) to create scalable and modular components.
- Participate in and conduct code reviews to maintain high code quality.

EDUCATION

Bachelor of Technology in Computer Science, UEM, Kolkata (68.61 percentage)

2015 - 2019

COURSES

React(Udemy), **NodeJS**(Udemy)

AWARDS

Winner for **Weloin Front-End Developer Contest (2022)**.

PERSONAL DETAILS

Parent(FATHER): **Aloke Kumar De**
DOB: **12th September 1995**
