Work Experience

User Experience Designer

Uptycs India, Pune (Mar'23 - Jun'24)

- Collaborated with Product Owners/Managers and developers, using agile methodologies to **identify and address user pain points**, leading to redesigned and enhanced features (e.g., Vulnerability Management Dashboard, Image Security Posture, Threat Management, etc.) and achieving a **30% increase in user satisfaction**.
- Worked closely with Engineering and QA teams to provide **detailed design specifications**. Implemented iterative processes that **reduced bugs by approximately 25%** which resulted in a 15% reduction in development time, ensuring the **quick delivery of a functional final product**.
- Played a pivotal role in the development of a comprehensive and **scalable design system** (e.g., Buttons, Filtering, Tabs, Tooltips, Typography, Charts, etc.), facilitating the design and engineering teams to efficiently create and develop **consistent and functional screens**.

Product Designer (Freelance)

New Delhi (Mar'21 - Feb'23)

- Designed, developed and optimized over 10 WordPress and Webflow webpages for **faster loading times**, leading to an average **23% increase in website traffic and enhanced user experience**.

User Experience Designer

Bored Markers, New Delhi (Feb'19 - Feb'21)

- Collaborated with over 17 clients to **conceptualize, design and develop web projects**, ensuring **timely delivery** and staying within budget constraints.
- Led the design and development of responsive web design projects for a diverse clientele:
Clip Bike - Designed and developed clip.bike.
Helia Journeys - The website re-design led to an increase in 43% more website traffic and 20% more conversion.
World Bank - Developed a responsive newsletter template for the World Bank.
- Partnered with stakeholders to revamp and **redefine the design language for the company's website** and other assets.

Junior User Experience Designer

Bored Markers, New Delhi (Sep'18 - Feb'19)

- Contributed to a small task force to redefine the brand and explore multiple concepts to elevate the firm's design system.
- Conducted thorough **stakeholder and competitor analyses** to propose and implement efficient tools for daily tasks.
