- **Version Control Tools** : Git, Subversion
- **Build Tools** : MSBuild, NuGet
- **Package Management Tools** : NuGet, npm
- **Web Development Frameworks** : ASP.NET Core, MVC
- **Frontend Technologies** : HTML, CSS, JavaScript
- **Backend Technologies** : C#, .NET Core, Entity Framework

- **Database** : SQL Server, Entity Framework
- **IDEs** : Visual Studio, Visual Studio Code
- **Operating Systems** : Windows, macOS
- **Programming Languages** : C#, JavaScript

### Professional Experience:

Presently working with **PERFEXION INFORMATION TECHNOLOGIES.** as a **.NET DEVELOPER** Sep 2021 - to present.

### Project Details:

#### Project #2

**Project:** Order Manager

**Client:** Sigma

**Technology:** ASP.NET Core, C#, Entity Framework, SQL Server, Git, NuGet, HTML, CSS, JavaScript, React.js

**Platform:** Windows

**Role:** .NET Developer

#### Description:

Sigma Software is a leading global provider of innovative billing solutions in the BSS/OSS arena in industries such as telecommunications, utilities, healthcare and retail. Sigma Software's award-winning solutions are designed to enable service providers to monetize new services, new business models and content and to deliver a comprehensive customer experience. Sigma Software's revenue generating solutions provide innovative Real-time Convergent Billing, Policy Control and Charging (PCC), Enterprise Product Catalog (EPC), Machine-to-Machine (M2M)/Internet of Things (IoT) Device Management, and Big Data Analytics platforms for voice, video, messaging and data services to service providers/operators in 4 continents through a broad portfolio of licensed and/or Software-as-a-Service (SaaS) based/cloud-based products and solutions.

### Roles and Responsibilities:

- Involved in **source control management** using **Git** and **Subversion (SVN)**.
- **Creating branches, tags**, and administering version control workflows.
- **Performing branching and merging** operations to support feature development and bug fixes.
- Involved in **continuous integration** and **automated builds** using **MSBuild** and **NuGet**.
- Worked on **writing and managing scripts** for deployment and configuration using **PowerShell**.
- Participated in **build activities** and **release management** using **MSBuild** for smooth project delivery.

- Published and managed **NuGet packages** for internal libraries and dependencies.
- Day-to-day activities included **code check-ins/check-outs**, resolving **merge conflicts**, and addressing version control issues.

### Professional Experience:

Worked as a Frontend Intern at **Covero Essentials Pvt Ltd** from August 2020 to August 2021.

### Project Details:

#### Project #1

**Project:** E-commerce Platform

**Client:** RetailPro Solutions

**Technology:** ASP.NET Core, C#, Entity Framework, SQL Server, Git, NuGet, HTML, CSS, JavaScript, React.js

**Platform:** Windows

**Role:** .NET Developer

#### Description:

RetailPro Solutions is a leading provider of cutting-edge e-commerce platforms designed to enhance online shopping experiences across various industries. Their solutions include advanced features for managing product catalogs, processing transactions, and integrating with payment gateways, all aimed at delivering a seamless and engaging shopping experience for customers.

### Roles and Responsibilities:

- Developed interactive and responsive user interfaces using **React.js**, **HTML**, **CSS**, and **JavaScript**.
- Implemented **ASP.NET Core** components and integrated them with front-end elements for seamless functionality.
- Created and maintained **RESTful APIs** to support front-end features and enhance user experience.
- Assisted in **UI/UX design** improvements, focusing on usability and visual appeal.
- Collaborated with back-end developers to ensure smooth integration of front-end and back-end components.
- Participated in code reviews and contributed to the **continuous improvement** of development practices.

### Acknowledgement:

Acknowledged the invaluable support and mentorship from all my teams and mentors, which significantly contributed to my professional growth and development.
