Kasaragod, Kerala, India

Career Objective

To get an opportunity where I can make the best of my potential and contribute to the organization's growth. Seeking a position in an organization where I can launch my career and build a valuable skill set. Seeking a role in designing and other roles where I can upgrade my skills with time and take the organization to next level.

Education

- Bachelor Of Engineering – 2022
St. Joseph Engineering College, Mangalore
7.61 CGPA
- Diploma in Mechanical Engineering – 2019
P.A. Polytechnic, Mangalore
68.29%
- SSLC – 2016
Sandeepani Rural Educational Society, Puttur
66.40%

Certification

Completed Certification Courses of Masters in Mechanical CAD;

AutoCAD Mechanical, CATIA V5, Solid works. - 2023

Skills

- Catia V5: - Developed my skills in 3D modeling, part assembly, sheet metal, surface design, BOM, and rendering.
- Solid works: - I acquired skills in 3D modeling construction, part assembly, sheet metal, surface designs, and BOM.
- AutoCAD: - Learnt to construct 2D, 3D design & drafting.
- Sinu train: - Learned how to use M & G codes for CNC operations to program the provided works.

Projects

- Fabrication Of Black Pepper Seed Separation & Dryer Machine
 - This project is carried with the objective of a cost-effective mechanical pepper seed separator machine with automatic drying technology.
 - It reduces the berry damage during threshing process.
- Scotch Yoke Mechanism
 - It is most commonly used in control valve actuators in high pressure oil and gas pipeline as well as in various IC engine.
 - To construct a CAD model of scotch yoke mechanism with the help of solid works.

Internship

- Govt Tool Room & Training Center, Mangalore, Karnataka.
 - We used “sinutrain”, a software from siemens sony merit.
 - The software is consisting of the controls of CNC machine for turning and milling operations.

Languages

- English
- Malayalam
- Kannada
- Tamil

Hobbies

- Playing games
- Interested in Karate
- Listening music
- Drawing & painting
