

## Anant Kamal

DOB: 30/12/1992  
8 years' experience

Mobile: 9958256259  
E-mail: [anantkamal@yahoo.com](mailto:anantkamal@yahoo.com)

A self-driven individual working as techno functional.  
Certified SAPUI5/BTP/ME/MII/Native HANA/JAVA Expert with  
technology agnostic mindset & leadership skill.

### Work experience (8 years, 2016 - 2024)

- Experience of developing a fully custom free-style SAPUI5 & Fiori Elements applications.
- Developed several custom controls according to customer needs.
- Experience of working with OData & JSON data models.
- Experience of developing REST Web Services using JAVA / SAP MII / OData.
- Responsible for full development cycle from understanding the requirements directly from onsite team & clients, providing solution design, coding, unit testing & providing application services support to the business.
- Understanding of providing better customer experience with Fiori Launchpad & SAP BTP.
- Experience of using Integration Suite – IFlow, API Management, Discovery Center.
- Experience of working with SAP ME 15.2 & 15.5 & MII.
- Experience in SAP ME Configuration (Work Center Maintenance, Service Extension Maintenance etc.).
- Experience in SAP MII configuration to receive IDOC from ERP & data integration in SAP ME.
- Experience with SAP ME JAVA SDK by using NWDS - Core & Advanced Java/J2EE programming.
- Knowledge of using NWA & debug JAVA programs using Logs Viewer.
- Familiar with MES domain & it's terminologies with understanding of PP (Production Planning).

07/2016 – PRESENT NOIDA, INDIA

#### Technical Lead

**Sopra Steria India Pvt. Ltd.**

02/2023 – PRESENT

**Project: Airbus PEO Omniverse**

**Client: Airbus Manufacturing**

Airbus PEO Omniverse project is a new implementation using S/4HANA, SAP PEO & SAP BTP & Machines Integration extending the capabilities of SAP PEO by replacing manual actions by operators with automatic machines. Main technical activities involved were to expose SAP PEO standard RFC as a web service on BTP using IFlow & API Management. Used Discovery Center to expose standard OData service as API & handled OAuth 2.0 for technical user connections.

**Technologies involved:** SAPUI5/FIORI, SAP BTP, S/4HANA, SAP Integration Suite

11/2023 – PRESENT

**Project: Airbus MES-COMPOSITE**

**Client: Airbus Manufacturing**

Airbus MES-COMPOSITE project is a new implementation to integrate ERP orders into SAP ME. It is a project to replace an existing UI application built on Windows platform having master data split on Windows & ERP platform. In this we designed & implemented a solution to manage Shop Orders, Process Lot & Batch processing, consumption & tracking in ERP while providing Execution capabilities for the same on a SAPUI5 app through SAP ME/MII.

**Technologies involved:** SAPUI5, SAP ME/MII, SAP HANA, SAP NetWeaver AS JAVA, ABAP

10/2016 – 10/2023

**Project: Airbus MES**

**Client: Airbus Manufacturing**

Airbus MES is a hybrid solution of existing elements with focus on Production Pace Control, Quality and Automation. It is a real-time deployed application at various NATCOs & is currently being used by more than 15000 operators in Shop Floor.

- Developed solutions which provide better visibility and an easy interface thus boosting production efficiency by up to 45%.
- Worked in waterfall & Agile methodology with an onshore (Toulouse, France) - offshore (India) team model with a team size of 15-20 members.
- Worked as Technical Lead directly inducting team members to build a competent team.
- Experience of working at onsite and interacting with French clients & colleagues to help understand & propose solutions.
- Experience of working in Application Support by working on incidents from production.

**Technologies involved:** SAPUI5, SAP ME, SAP MII, SAP HANA, SAP NetWeaver AS JAVA, ABAP

03/2019 – 09/2019

**Project: Smart SQCDP**

**Client: Airbus Manufacturing**

Smart SQCDP application proposes a standard solution to transform a paper solution to a Standard & Digital solution for Manufacturing KPI management. SQCDP stands for Safety, Quality, Cost, Delivery & People.

- Developed several applications on UI5 to record data for KPIs and visualize the information.
- Technical Lead for the 3 offshore & 2 onshore developers with an onsite opportunity to work closely with the business.

**Technologies involved:** SAPUI5/FIORI, SAP HANA (Calculation Views), SAP Gateway & OData

08/2018 – 12/2018

**Project: MES SSCE**

**Client: Airbus Manufacturing**

An application with different KPI reporting screens to help show various trends required for Production Pace Control.

- Extensive use of functional knowledge & HANA SQL Scripting to extract and present data by way of different charts.
- Technical Lead in the project with other members being from onshore.

**Technologies involved:** HANA SQL Scripting, SAP MII, SAP MII SSCE

## Awards

### **The Internet of Things with SAP (openSAP)**

Record of Achievement with 86.7%

<https://open.sap.com/verify/xuzib-gitob-nypiv-lufam-zicof>

## **Skills**

### **Programming Languages/Framework**

SAPUI5, Java, HTML5, CSS, JavaScript, jQuery

### **Tools/Editor**

GIT, Eclipse IDE, VS Code, SAP BAS, SAP HANA Studio, SAP NWDS, POSTMAN

### **SAP Applications/Tools/Technologies**

- SAP MII (Transactions, Queries, Custom Actions)
- SAP MII SSCE
- SAP HANA (Calculation Views)
- SAP NetWeaver AS JAVA
- SAP Gateway & OData
- SAP DMC
- SAP ME

### **Familiar Technologies**

SAP ABAP, Android Development, J2EE, MySQL

## **Education**

2012 – 2016 GHAZIABAD, INDIA

### **B.Tech. in Computer Science & Engineering**

#### **Raj Kumar Goel Institute of Technology (AKTU)**

- Graduated with 61.72%
- Developed an Android application for College ERP System as Final Year project.

2010 – 2011 PRAYAGRAJ, INDIA

### **Intermediate**

#### **St. Joseph's College**

- Passed with 79.83% with PCM + Computers as core subjects.

2008 – 2009 PRAYAGRAJ, INDIA

### **High School**

#### **St. Joseph's College**

- Passed with 82.14% from science stream.
