## EDUCATION & TRAINING

### Bachelor of Engineering

AKTU University

July 2020

## SKILLS

- Automation Testing - Using Selenium Web Driver and Java
- Automated API Testing - Using RestAssured
- Automation Testing – Using Selenium Web Driver and Python
- Catchpoint
- Core Java
- Python
- CI CD - Using Jenkins, Docker, Ansible
- Selenium Grid
- Functional Testing
- Postman
- TestNG
- Pytest
- ETL Testing
- BrowserStack
- Regression Testing
- BDD Cucumber with POM pattern
- BI Testing
- GIT

# Abhishek Verma

## AUTOMATION TEST ENGINEER

(Experience – 4+ Years)

Dedicated Automation Test Engineer bringing 4+ years of experience and diligence to handle needs of large and complex products of various business domains. Solid history in both manual and automated testing. Open and clear communicator with good multitasking skills, team lead and team management, organized nature, and strong attention to details, seek to apply expertise to growth-oriented, dynamic position.

## Profile Highlights

- Created, maintained, and executed automation scripts for regression testing of web applications by using **selenium Web driver with Java**.
- Working experience on **BDD Cucumber Framework with POM pattern**.
- Experience in automating web services using REST Assured.
- Lead team of 4 members for automation testing to test web application and various web services.
- Experience and knowledge in **testing lifecycle and core testing techniques** using different Test approaches, requirements /Functional Analysis, Test planning, Test Estimation, Test Preparations, Test Execution, Test reporting and defect management.
- Working Experience on **Agile and Waterfall Model** where in Agile, participated in daily scrum meetings with development teams to ensure timely completion of tasks.
- Verified development and maintenance of Functional test cases for regression test suites, analyzing compliance with prescribed standards and alignment with outcome tolerances.
- **Executed manual and automated tests** in different environments.
- **Collaborated with development teams** on fixing bugs and improving existing features.
- Generated **technical reports** for customers.
- Provided **technical guidance to junior team members** on testing processes and procedures.
- Part of **Training and learning team**, responsible for training and up skilling of new joiners in QA competency.
- Part of design sessions for the new features with BA and Dev teams.
- Lead design sessions to gather requirements for new features and translating it to various team members.
- Created test planning and test coverage reports before and after

- JMeter
- Desktop and Mobile Apps Performance Optimization
- JIRA, ClickUp
- JSON
- SQL
- Maven
- Test and team management
- Test planning and estimations

## CERTIFICATIONS

- Infosys Global Agile Tester Certification
- Infosys Selenium with Java Advance Certification

## PROJECT DETAILS

### Infosys Ltd (July 2022 – Present)

- **NatWest CPOET** (July 22 - Present)

### Hexaview Technologies Pvt Ltd (March 2020 – July 2022)

- **White Oak PMS** (Oct 21 - July 22)
- **White Oak Data & PowerBI** (April 21 - Oct 21)
- **IFF Call Manager** (March 21)
- **Blood and Plasma Donation** (Jan 21 - March 21)
- **Hitech Classroom** (Dec 20 - March 21)
- **AIHexa HR Chatbot** (Sept 20 - Dec 20)
- **ReportWa** (Jun 20 – Sept 20)
- **WoodleUp** (Mar 20 – Jun 20)

testing sign offs.

- Good exposure in **Catchpoint** scripting and development
- Experience **Jenkins, Docker** and **Ansible**
- Proficient **Python development**
- Experience in using **REST** and **SOAP APIs**

## Projects Description

- NatWest PEGA POET - Automated testing using BDD Cucumber framework of Web App to check customer compliance.
- White Oak PMS - Portfolio management system for debt management, web application developed on Java, ReactJS and SSIS packages, also data migration from existing application used by client to new PMS system.
- White Oak Data & Power BI - Dynamic reporting using Power BI and SSIS packages of data population for each business data.
- IFF Call Manager - Recoding management system for BPO call records.
- Blood and Plasma Donation - Mobile application based on Android to facilitate donation for blood and plasma during Covid pandemic.
- Hitech Classroom - Web app and android based mobile application to facilitate online classes using to a school chain.
- AIHexa - AI powered HR chatbot using NLP to respond the queries of employees of the using for company's human resource policies.
- ReportWa - Wealth management Reporting software for advisors, aims to ease client reporting.
- WoodleUp - Android and iOS application to provide connecting platform for teachers and students to learn various languages.
