OBJECTIVE

I possesses more than 4 years of expertise in Angular development with a total experience of more than 5 years in technical domain. Developed various applications using Angular, Java Script . Strong experience with Cross Browser Compatibility issues and Optimization for web, including CSS Sprites and best practices. Expertise in responsive Web Design and proficiency in code optimization to improve the performance.

PROFESSIONAL SUMMARY

- 5.2 Years of experience in Developing Web Applications using **HTML, CSS, JavaScript, Angular 13, Typescript and Bootstrap, SQL Server.**
- Responsible for development of single page application using **Angular framework**.
- Hands on Experience **ANGULAR 13, Components, Modules, Services, Directives, Routing.**
- Built Angular components, services to consume in Component by using **dependency injection**.
- Hands on Experience on Third party tools like **Angular Material** and **Prime Ng.**
- Had Strong knowledge on **Typescript** Language.
- I had basic knowledge on **SQL Server**.
- Had knowledge in **Postman tool.**
- I had worked in designing responsive webpages using **CSS, HTML.**
- I had experience in designing responsive webpages using **Bootstrap.**
- I had worked on accessing RESTful web services using **Angular** Framework.
- Knowledge on using IDEs like **Visual Studio Code.**
- Worked on Microsoft Azure IAAS, involved in configuring virtual machines, resource groups, Virtual Networks, storage accounts.
- Creating and configuring VNET Peering.

EXPERIENCE

Working as a Software **Engineer** in **Reznext Global Solutions Private Limited** from **April 2019 to till now..**

EDUCATION

- B.TECH (CSE) from S.C.R Engineering College affiliated to JNTUK Kakinada University With 61% in 2014

- *Programming Languages:* Angular, JavaScript, NodeJS, Typescript , RxJs, NgRx
- *Styles*: HTML, CSS and Bootstrap,
- *Quality*: Unit Testing, Jest , Cypress
- *DevOps Tools:* Git, Jenkins, Git Lab Actions CI/CD,
- *Code Analyzer Tools* :- ES Lint
- *Dev Tools:* Visual Studio Code, Post Man, Eclipse, Jira , Sublime editor
- **Industry Skills:** Banking, Healthcare, Superannuation, Telecommunications, Land Management. Azure Admin

PROJECT EXPERIENCE

1) **Project Title: BFS COE (April 2019 to May 2020)**
IHOST Paperless Banking Mobile Application: Mobile application for bank to reduce branch traffic with help of mobile technology. It will reduce ETA for customer to process bank branch transactions, also will reduce human efforts to manage queue.
Geo-Fencing: Mobile will notify user if he is in the vicinity of bank branch.

Responsibilities:
- Involved in Front-End development using HTML, CSS, JavaScript, JSON, Typescript and Angular13.
