SUMMERY

As Full Stack Developer with one years of experience in designing, developing, and deploying web applications. Proficient in both front-end and back-end technologies, with a strong focus on user experience and performance optimization. Passionate about creating elegant, scalable solutions that drive business growth.

TECHNICAL SKILLS

Front-End:HTML5,CSS3,Angular,TypeScript,JavaScript,Karma-Jasmine,Reactjs.
Back-End: Java,Springboot and JUnits.
DataBase and Tools: MySQL,Intellij,Visualstudio,Git and GitHub,Insomnia.
Agile Methodologies: Scrum.

WORK EXPERIENCE

Associate Software Engineer
Fidelity Investments,Bangalore,India .   *Oct 2023-present*

- As a software engineer at Fidelity Investments, I gained valuable experience working on front-end projects using Angular and Spring Boot technologies. My responsibilities includes Collaborating with cross-functional teams to gather requirements and design user-friendly interfaces for financial services applications.
- Developing front-end solutions using Angular framework
- Integrating front-end interfaces with back-end services and REST API built on the Spring Boot framework.
- Implementing best practices for code quality, performance optimization, and security.
- Participating in Agile development methodologies, facilitated effective communication, coordinated sprint planning, conducted daily standups, sprint reviews, and retrospectives, resulting in improved sprint completion rates and team velocity. Championed the adoption of Scrum framework, promoting agile values and principles, and fostering a culture of continuous improvement.

Intern
Virtusa Consulting Services Pvt Ltd, Chennai, India.   *june 2023 - Aug 2023*

- During my internship at Virtusa, I gained hands-on experience with ReactJS while developing a responsive web application
- Learning ReactJS fundamentals and best practices.
- Designing and implementing a responsive user interface for a web application.
- Collaborating with team members to gather requirements and iterate on UI/UX designs.
- Developing and deploying features using ReactJS components and libraries. Overall, this internship provided practical experience in ReactJS development and enhanced my skills in building responsive web applications.

PROJECTS

- **PROTEAN-PULSE APPLICATION**, Developed a dashboard application using Angular to meet business requirements. Utilized Angular for the frontend, Spring Boot for backend API calls, and MySQL for the database. Played a key role in the design and implementation of the application, ensuring its functionality and usability.
- **OnlineLearning Portal**, OnlineLearning Portal,Managing both frontend and backend implementation. Utilized React.js for the frontend and Spring Boot for the backend, ensuring seamless integration and optimal performance. This project enhanced user experience and provided a robust platform for online education.

EDUCATION

KPR Institute of Engineering And Technology   **Arasur,Coimbatore,TamilNadu.**
Bachelor Of Engineering In Computer Science with CGPA of 8.57.   *2019-2023*

CERTIFICATIONS

- Java(Basic) - HackerRank.
- Introduction to JAVA - Coding Ninjas.
- Problem solving(Basic) and (Intermediate)-HackerRank.
