Education

2017-2021
Bachelor's Degree

Stream: Computer Science

Sri Krishna College of Engineering
and Technology

Expertise

- Java
- J2EE
- EJB
- SQL
- Maven
- Git, GitHub/Bitbucket
- Spring Core
- Spring Boot
- Spring Data REST
- JPA/Hibernate
- Spring MVC
- Design Patterns

Tools

- Postman
- Eclipse
- BitBukcet
- MySQL, Oracle
- JIRA
- Spring Tool Suite(STS)
- Websphere

AJEETH R

Engineer Technology

Results-driven Software Engineer with 2.7 years of experience in the IT industry. Bright, driven, and self-starting, with a passion for delivering high-quality solutions. Skilled in effectively addressing functional requirements and collaborating with colleagues. Adaptable and flexible, with excellent communication skills and the ability to manage changing priorities and requirements. Demonstrates a proactive and enthusiastic approach to development projects.

Experience

August 2022 - Present

Virtusa Consulting l Hyderabad, Telangana

Engineer Technology

- Developed a system utilizing J2EE components and multi-threading to automate and generate over 15 reports, resulting in a substantial 78% reduction in manual intervention.
- Improved data handling efficiency and accuracy by designing and developing automated Excel import and export processes, resulting in a 70% reduction in processing time.
- Designed a web application for monitoring and tracking of the "Assets and Liability Model," integrating functionalities such as status, audit logs and error messages.
- Implemented the preprocessor functionality to satisfy a business requirement, reducing the manual intervention of maintaining and uploading Benchmark rates by 82%.

June 2021 - July 2022

Virtusa Consulting l Hyderabad, Telangana

Associate Engineer

- Proficient in troubleshooting, advanced configurations, and seamless deployment using tools like WebSphere console, while leveraging cloud technology exposure to build efficient and scalable solutions.
- Practiced agile development methodologies, promoting collaboration and iterative development cycles for efficient project delivery.
- Implemented Test Driven Development and Continuous Delivery practices, resulting in a 30% reduction in software defects.
- Actively engaged in all phases of the Software Development Life Cycle (SDLC) to ensure seamless integration of feature releases with production infrastructure and processes.
- Demonstrated exceptional expertise in identifying and mitigating security vulnerabilities by leveraging industry-leading tools like SonarQube while maintaining a remarkable success rate of 92%.

Certifications

- Oracle Certified Associate, Java SE 8 Programmer
- Java Multi Threading - Udemy
- Java functional programming with Lambdas and Streams- Udemy
- Spring Boot 3, Spring 6 & Hibernate - Udemy
- Understanding APIs and RESTful APIs Crash Course - Udemy
