SUMMARY

With over 6+ years of professional experience and deep expertise in .NET Core, C#, ReactJS, Microsoft Azure, Dapper, Entity Framework and Angular. I've contributed to deliver high-quality technical solutions that meet business requirements.
My grasp of a broad spectrum of technologies has driven improved efficiencies and significant business outcomes, including optimization projects that achieved a notable reduction in system load times.

SKILLS

| .Net Core | C# | WEB API | Microsoft Azure | React.Js | SQL Server | Azure Devops | ASP.Net MVC |

| Unit Testing(Xunit) | Entity Framework | Dapper | LINQ | Angular |

ACHIEVEMENTS

Sprint Hero Award
2023 - ParentPayGroup India pvt ltd.

AZ 900 - Microsoft Azure Fundamentals Certification
2021 - Microsoft

Above and Beyond Award for Team
2021 and 2022 - Icertis

Rising Star Award
2019 - Krios ispl

EDUCATION

- **Post Graduation Diploma in Advance Computing (PG-DAC) - 2017**
  CDAC

- **Bachelor of Engineering in Information Technology (BE - IT) - 2016, First Class**
  University of Pune

PROFESSIONAL EXPERIENCE

2022 - Present

ParentPay Group, Pune

Senior Software Engineer

ParentPay

SIMS NextGen Product

- Integrated React components into existing applications to improve user experience and page performance by over 20%.
- Applied expertise in SQL Server to optimize database performance and achieve a 10% cost-saving in resource allocation.
- Built highly responsive web applications using React.Js, leading to a 10% increase in customer engagement.
- Regularly consulted with stakeholders to translate business needs into high-level project plans, ensuring alignment with strategic objectives.
- Perform application design, development and deployment based on industry's best practices. Interact with Product Owners to define project features and requirements.
- Refined back-end API services with a focus on clean, scalable code and RESTful principles.
- **Environment :** Microsoft Azure, C#, .NET Core, Microservices, WEB APIs, Docker containers, ReactJS,Azure DevOps, GIT, XUnit, Azure Service Bus, Azure Storage, VM, Application Insight, KeyVault, Azure Function.

2020 - 2022

Icertis, Pune

Software Engineer

Icertis

- Established efficient communication channels within the team, leading to better collaboration among members during project development phases.
- Analyzed proposed technical solutions based on customer requirements.
- Conducted thorough code reviews to identify areas for improvement, enhancing code quality across all team projects.
- Maintained existing software systems by identifying and correcting software defects.
- Primarily reinforced several complex accounts by implementing client-driven customizations in C# and configuring the ICI Contract Management System.
- Excellent troubleshooting skills with expertise in SQL, stored procedures, Kibana and elastic search.
- Manifested a sense of accountability with various integrations (DocuSign, Adobe Sign, and Service Bus).
- Implement best practices for software development and design patterns
- Experience in effectively managing escalations, demonstrating dedication, persistence, and providing full-time support to resolve critical issues.
- **Environment :** Microsoft Azure, WEB APIs, C# , Kendo UI, Azure DevOps, TFS, Azure Service Bus, Azure Storage, VM, Application Insight, KeyVault, .NET Framework.

2017 - 2020

Krios ispl, Pune

Software Engineer

krios

- Implement best practices for software development and design patterns.
- Experience in end to end development by using angular, .NET MVC and API as well as designing new Stored Procedures.
- Improved user interfaces by updating menus to be more intuitive, increasing sales by 5%
- Reduced the time by 75% to process 70,000 to 1, 00,000 instruments from 16+ seconds to less than 4 seconds by redesigning the algorithm
- Troubleshooting bug and provide fix on it.
- **Environment :** Microsoft Azure, WEB APIs, C# , Angular, Azure DevOps, TFS, Azure Service Bus, Azure Storage, VM, Application Insight, KeyVault, .NET Framework.
